Letter to The Editor

Sirs :

The so called Haitian -Afro American hassle at Central High, as "highlighted" by the Ledger is an obvious attempt to create antagonism between Afro Americans And Haitians in Newark and the northeast to keep them from building a unified movement to protest of the racist treatment of the Haitians by Bush led white supremacy imperialism.

Why is it hypocrite Bush can rush across the world to invade Iraq in the name of Democracy, but he will not lift his lying tongue to support the restoration of the legitimate Democratically elected Aristide government in Haiti?

This situation also points out Again how much we need a multi-cultural curriculum in this city.
